Annecy, France

Job Objective

My professional goal is to work in web and mobile application development. I am currently a bachelor student in a sandwich course with a web agency. I really enjoy challenges in my work since they motivate me. That is the reason you should hire me !

Education & Diplomas

- 2020-2021 LP DIM - Professionnal Bachelor's Degree in multi-platform software development (1 year).**
CCI Annecy / University of Savoy / IUT Annecy, Annecy-le-Vieux, France.
- 2018-2020 DUT GEII - 2-year university diploma in electronic systems, industrial development and electricity installations.**
University of Toulon - La Garde, France
- 2018 FRENCH BACCALAUREATE S-SI ISN - High school diploma in engineering and computer science with honors.**
Costebelle High School - Hyères, France

Work Experiences

- 2020-2021 Web and mobile development**
WEB Expert Business - Chavanod, France. Middle size company working in web/mobile development for Miliboo. I work for them as an apprentice during my LP DIM.
- 2018-2020 Electronic board testing**
ECA Group - La Garde, France. Large company working in submarines development for mines war. I worked as an apprentice and I used to do testing and fine-tuning of electronic boards before their assembly in submarines.
